READ WHAT THE
HIGHEST INSURANCE AUTHORITIES
SAY OF THE
BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

"THE BROOKLYN LIFE ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, **LARGER DIVIDENDS** than ever before paid by a Life Insurance Company!
Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

Being situated in the northwestern part of the State, in a country remarkable for its beauty and healthfulness these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, JULY 16, 1869.

Conservative and Democratic Nominee.

FOR SENATOR,

FOR THE NINETEENTH DISTRICT,

JOSHUA PERRY,

OF FRANKLIN.

WORK TO THE HIGHEST BIDDER.

It is a fact, perhaps not generally known, that the Mayor and Board of Commissioners of our city did not allow the persons who put in the lowest bids to have the contract for building the new market house.

Mr. Thos. H. Briggs is known throughout the State as an energetic, skillful builder. At the first letting, Mr. Briggs put in the lowest bid. The contract was not awarded to him. It was alleged, by the Commissioners, that the terms were not understood by the bidders, that Mr. Briggs had bid expecting to use the brick of the old market for the new, while Mr. Prarie's bid was with a view to paying for the old brick. Now it so happened that the Commissioners had plainly declared, in writing, that the old brick could be used for the new building.

Again, proposals are published for building the market house. But strange to say, it is not put up to the bidder who will do it cheapest, but the Commissioners reserve the right to award it to the lowest bidder or not, as they deem proper.

Mr. Brown Gordon, a well known and skillful builder, put in a bid for this new market, and so did Mr. Prarie. Mr. Gordon's bid was only 6,990 dollars less than Mr. Prarie's. And yet Mr. Prarie gets the job. Why it was, or how it is that the Mayor and Commissioners gave the job to the highest instead of the lowest bidder, has never been explained to the tax payers of the city. From the quiet acquiescence of the tax payers we are lead to believe they don't care.

Many of the mechanics of the city spoke of the transaction as an outrage upon the mechanical industry and labor of the city and the State. They urged certain tax payers of the city to take out an injunction against the contractor and Commissioners, and force them to give the job to Briggs, Gordon, or the man who would execute the job upon the cheapest and best terms.

The mechanics avowed their willingness to aid in defraying and paying the cost of the injunction.

The taxpayers were unwilling to encounter the Governor, Mayor and authorities of the city.

The taxpayers deserted the mechanics, and we hope they may never see the day when they will regret it. We tell them that men cannot protect their property who abandon it, to the will and mercy of those who have none.

The taxpayers said to the mechanics "they did not want discord and strife."—This was not, we fear, the whole secret. "Gold is said to be a coward and will hide itself in a revolution." This is true; from the day Edmund Ruffin fired on Fort Sumpter, gold began to hide, and it is afraid to show itself. Taxpayers partake of the fears of gold; they can't hide their property, but they hide themselves, refuse to turn out at elections, and grow cold and indifferent as to their results lest they should give offence to political opponents.

Judge Reade's address, commonly called the Legislative address, and signed by 88 members of that body, was written upon the basis and conviction that taxpayers like gold, were cowards. Whoever doubts it let him read the address.

It is rumored that another Democratic paper is to be started in Raleigh. The Democrats are dissatisfied with the *Sentinel* because it does not straighten up the Democracy of North Carolina.—*Standard.*

Where does that rumor come from?—When the Editor of the *Standard*, Mr. Littlefield, was ostracised by the Committee on bribery and corruption, raised by the Legislature, he said he would give $500 towards supporting a Democratic paper in this city. This was soon after he had received that $100,000 fee for lobbying the Chatham Railroad through the Legislature. About the same time the *Standard* had a long article, said to have been written by the Governor, shaming the Democrats for patronizing a paper, edited by such an "old Whig as Turner." It asked the question if such old Democrats as Gov. Reade, Weldon Edwards, Captain Berry, Abraham Venable, &c., &c., subscribed to the *Sentinel*.—We looked to our list and found the very names he had called. They were and are all now subscribers to the *Sentinel*, and right well do they enjoy the *Sentinel's* exposure of the Governor's political profligacy and corruption.

If any of our Democratic friends desire to start a paper here we shall give them a hearty welcome, and Mr. Littlefield is pledged to give $500. The truth is twenty papers all daily could find employment in exposing the degeneracy, baseness and profligacy of the times.

HON. JOSEPH W. HOLDEN.

The many colored friends of this distinguished "Turpentine" Statesman will be pleased to learn that he is on the improve. His eagle eye, so much liked shotten, is clearing up, his Roman proboscis so much swooled, is considerably unaged. His classical mouth and lips look less like he had been fed on yest. Some of his friends are no, satisfied with the fight. They say the Honorable Speaker of the House and is-to-be candidate for Congress, was too drunk to make a fight in which the reputation of the whole party was at stake.

John Handcock of Orange proposes to bet 500 dollars, with Cebe Harris and Judge Logan or Hawk Rogers and Governor Holden, or any member of either wing of the party, that the Peaceable Merchant, with or without training, can whip bully Jo, any day the party will adjudge Jo sober enough to fight.

COLONEL AMES' CIRCUS.

Ames had a full house last night, at least our Devil so reports this morning. Cebe, our Devil, Lawton the clown, and everybody, was there who wanted to go, except Joe, and the pony that died.

Lawton the clown, and Cebe, created all the fun; he was as hard on Cebe and his big stick, and his trying to trick him out of 50 tickets, as Billy Smith was at the Salisbury Railroad meeting. Our Devil suggests as Laflin, and not Cebe, has all to do with Public Works (except the Penitentiary) that Cebe give up his title as Superintendent of Public Works and call and sign himself; Superintendent of Public Fun.

Those who attended the Salisbury Convention and the Circus last night, will feel the force of the suggestion.

OPINION OF THE SUPREME COURT IN THE CASE OF ROBESON, ADMINISTRATOR, vs. BROWN AND LITTLE—DELIVERED BY JUDGE DICK.

The principle is well settled, that parol evidence is inadmissible to contradict or vary the terms of a written contract. But this is only a rule of evidence, and may, at any time, be changed by the Legislature, without impairing the contract. The Convention and Legislature have been proper to change this rule of evidence in regard to certain classes of contracts, and in so doing they did not come in conflict with the Constitution of the United States. Woodfin vs. Sluder, Phil. 200.

We have carefully considered the ordinance of Oct. 18th, 1865, and the acts of 1866, ch. 38-39, and think that they establish the following rules as to the contracts to which they apply:

1. Money contracts are presumed to be solvable in Confederate money, and the value thereof must be estimated by the jury, *in coin*, according to the legislative scale, and then the depreciation of United States Treasury notes must be added to such nominal amount of coin. The legislative scale only applies to contracts where Confederate money was the consideration.

2. In all other kinds of contracts the value of the property, or other consideration, may be shown in evidence, and the jury must estimate such value in United States Treasury notes. His Honor in the Court below erred in his construction of the ordinance and acts referred to, and the judgement must be reversed, and a *venire de novo* awarded. Let this be certified, &c.

HERTFORD, N. C., July 10, 1869.

Josiah Turner, Jr., Editor of Sentinel:

I enclose three cards which you will please do me the favor to publish as early as convenient, as statements upon the subject matter in controversy which are just to all the parties concerned.

Very respectfully, yours,
THOS. H GILLIAM.

HERTFORD, N. C., July 10, 1869.

Editor of Sentinel, Raleigh:

Since your publication of my statement, in reference to the signing of "the protest," by Mr. Willis Bagley, I have discovered, upon a re-perusal of the same, that its effect is to raise an issue of veracity between Mr. Bagley and myself, and, thereby, to place his name before the public, in a position which was not intended by me. It is just to myself, to say that what I published was intended as a statement of what I believed to be a *distinct statement* of the facts and my connexion therewith, and I still think Mr. Bagley is mistaken in his memory of the occurrence.

My purpose was to correct what I believe to be an error in Mr. Bagley's remembrance of the facts and not to charge a misrepresentation of them. I request you, therefore, to publish this additional statement as a disavowal that it was my purpose to impugn Mr. Bagley's veracity while I still believe his recollection of the transaction is at fault.

Very respectfully,
THOS. H. GILLIAM.

HERTFORD, N. C., July 9, 1869.

Editor Sentinel:

I consider it proper and just to Mr. Gilliam and Mr. Skinner, to state, that if either the one or the other affixed my name to the Protest of the Members of the Bar, it was done in the full belief that their action would meet with my subsequent approval, and with no idea or intention of making a misuse of it. This statement I made generally in my former card. I now repeat it. I am satisfied that Mr. Gilliam made his statement upon what he believed to be a real occurrence, but which, I am as fully satisfied, is in fact, only an error in memory.

I shall once more declare positively and emphatically that I did not sign the Protest, or authorize it to be signed. I say this not upon bare recollection, but on my own certain knowledge of my own actions. Any denial of this statement, I hereby pronounce untrue.

WILLIS BAGLEY.

HERTFORD, N. C., July 9th, 1869.

Editor Sentinel:

SIR: As the statement made by me, with regard to Mr. Willis Bagley's connection with the protest, in your issue of the 3 inst. may create the impression that I recollected all the circumstances stated by Mr. Gilliam, I deem it necessary to say, that my recollection of the matter is indistinct, and I can not positively say that Mr. Bagley did sign the protest or authorized any one to sign it for him.

I disavow any intention of impeaching Mr. Bagley's veracity.

Very respectfully, Yours,
T. E. SKINNER.

MEETING OF THE STOCKHOLDERS OF THE R. & G. R. R.

Pursuant to notice, the Stockholders of the Raleigh & Gaston Railroad assembled at the office of the Company, yesterday, at 11 o'clock.

The meeting came to order by P. C. Cameron, Esq., of Orange, being called to the Chair.

W. W. Vass and Gen. W. R. Cox were appointed Secretaries.

On motion, W. W. Vass and J. J. Davis were appointed as a Committee to verify proxies.

The Chairman then announced that it would take the Committee some time to report. If there was no objection raised, the President of the Company would read his annual report.

No objection being made, Dr. W. J. Hawkins, President of the Company, proceeded to read the following report:

Paid for this amount of bonds of the Columbia and Augusta Railroad Co., at par,		50,000 00
Balance left on hand, May 31, 1869,		$52,815 25

Out of which the Board of Directors recommend a dividend of three per cent, payable on the 15th of July.

We take pleasure in calling your attention to the healthy condition of the Company; physically and financially, we will compare favorably with any Railroad in the country. We owe $107,800 and have in hand good assets to the amount of $83,800, a cash balance in Bank of $52,815 25 and fifty-three shares of reserved stock. We can, at any time, by withholding a dividend, pay every dollar we owe, and leave a considerable cash balance in the Treasury.

Since your last annual meeting we have concluded a contract with the North Carolina Railroad, the Charlotte & South Carolina Railroad, and the Columbia & Augusta Railroad as follows: "Whereas, the Columbia and Charlotte Railroad Company has, heretofore, with a view to the construction of the Columbia and Hamburg Railroad, endorsed the bonds thereof for four hundred thousand dollars, and the Raleigh & Gaston Railroad Company has agreed to purchase the bonds of the said Columbia and Hamburg Railroad, for fifty thousand dollars at par, and the North Carolina Rail Road Company has agreed to purchase the bonds of the said Columbia and Hamburg Rail Road, for one hundred thousand dollars at par and

Whereas, it is deemed advisable in consideration of said aid and in consequence of their mutual interest in the speedy completion of the said Columbia and Hamburg Rail Road to harmonize the working of all said companies and with the view of making a great through freight and passenger line from Augusta and all intermediate points to New York, and other Northern cities, via Weldon and *vice versa*, that bickerings and disputes may not hereafter arise,

Resolved, That, for the consideration aforesaid, there shall be no discrimination for the term of five years, either as to freights or passengers by either of said Railroad Companies against either of the others, but freights and passengers to and from Augusta and all intermediate points along the respective lines, going North or South, shall be carried along said lines without discrimination per mile directly or indirectly against either, or directly or indirectly, in favor of any line not a party to this contract.

Resolved further, That this contract shall be signed in quadruplicate by the several Railroad Companies above mentioned, which shall be in force immediately on the signing of this paper by the Presidents of the several Railroads above mentioned.

WM. JOHNSTON,
President C. & A. R. R. Co.
W. A. SMITH,
President N. C. R. R. Co.
W. J. HAWKINS,
President R. & G. R. R. Co
WM. JOHNSTON,
President C. & S. C. R. R. Co.

July 28th, 1868.

This contract was ratified by the several Boards of Directors, and notice of the same given to each company. The completion of the Columbia and Augusta Railroad, to which we contributed under a resolution passed at your last annual meeting, by taking fifty thousand dollars of the bonds of that Company at par, will add much to our receipts the ensuing year. We have already commenced the movement of cotton from Augusta, and hope before the first day of August to complete through rates and through schedules to that point, operating the roads between Augusta and Weldon as one line as contemplated in the contract referred to.

We are glad to inform you that the Chatham Railroad is progressing as rapidly as the means of that Company will allow.—We learn they have already eighteen miles of track laid and in use, five or six miles more grading nearly completed for the iron, with iron sufficient purchased to complete the road to the Gulf, and it is contemplated to finish the road from Raleigh to the Gulf during next year, giving us a connection with Fayetteville, and an outlet for the coal and iron of the Deep River valley. When this connection is made we may look for a considerable increase of business from that line, the completion of that road to Cheraw and Columbia, will make us a part of the great through line North and South.

Our locomotive equipment is in much better trim than at your last meeting, we having rebuilt one and put in good condition nearly all of the rest. We have rebuilt the Deep Creek bridge, length one hundred and twenty-five feet. It will be economy the ensuing year to rebuild the bridge over Tar River; it will require an expenditure of some fifty thousand dollars. The proceeds of the sales of the Columbia and Augusta Railroad bonds in the hands of the Treasurer, will be nearly sufficient to meet this demand; contracts for the lumber have been given, that it may have time to season. It will require fifteen to twenty thousand dollars of iron to keep our track in its present good condition. With the funds in hand, and the anticipated increased receipts from our new connections, we hope to pass another year without increasing our debt, and give to the stockholders a larger dividend. You will see from the Superintendent's report that our trains have run with great regularity, missing only one connection during the year, with not a single accident. Great credit is due to the Superintendent for the satisfactory results of the past year, and the officers and agents in the several departments, have been diligent and faithful in the discharge of their several duties.

Respectfully,
W. J. HAWKINS.
President.

The report was approved and adopted.

T. B. Venable, Esq., of Granville, from the Committee on Finance, read a lengthy and elaborate report, showing that the finances of the Company were in the most satisfactory state, and that the general condition, and the able and judicious management of the affairs of the Company in all departments, a matter of congratulation. The report also recommended that steps be immediately taken to complete the Engine House at this place, and that proper car sheds be at once erected at Raleigh and Weldon.

On motion of B. F. Moore, Esq., the report was approved and adopted.

Mr. Vass, from the Committee on Proxies, then reported that there were 2,614 shares represented in person, and 9,408 by proxy, making a total of 12,022, which was a large majority of the stock.

B. F. Moore, Esq., offered the following resolution:

Resolved, That in the opinion of the Stockholders, it is important that the Engine House at Raleigh should be completed for use without delay, with a secure, permanent and substantial roof, and that a proper car shed, at Raleigh and Weldon be built, and the Directors of the Company are hereby instructed to take all necessary steps and to make contracts for the completion and building of the same; and to enable them to do so they are authorized and instructed to use all proper means, and it necessary to borrow a sum of money not to exceed twenty five thousand ($25,000) dollars on such terms as they may be enabled to do.

This resolution elicited much debate.

Gov. Bragg opposed the resolution in its present shape and offered an amendment in the shape of a proviso as follows:

Provided, That any such loan, if made, shall be paid out of the current receipts of the company for the ensuing year.

Messrs. Venable, Moore, Battle, Barringer, and others, opposed the amendment, and were in favor of the resolution in its original shape.

On motion of Mr. Chamberlaine, of Norfolk, a stock vote was had which resulted in the defeat of the amendment by a vote of yeas 1,507, nays 3,570.

The resolution was then adopted.

On motion of A. M. McPheeters, the meeting proceeded to elect a Board of Directors, with the following results:

W. J. Hawkins received 4,912 votes; George W. Mordecai, 4,933; S. S. Royster, 5,022; J. B. Batchelor, 4,981; C. H. K. Taylor, 4,286; George Little, 4,215; J. B. Littlejohn, 4,281; E. A. Crudup, 91; B. F. Moore, 135; J. G. King, 71; W. S. Battle, 407; R. F. Taylor, 53; R. H. Kingsbury, 53; T. A. Selby, 98.

The first seven having received the largest number of votes, were declared duly chosen.

Messrs. A. M. McPheeters, D. M. Barringer and T. B. Venable were unanimously re-elected as Committee of Finance and Inspection.

On motion the meeting then adjourned.

On vacating the chair Mr. Cameron, made some happy congratulatory remarks, which were received by all present with great applause.

Immediately upon adjournment the Stockholders were invited to partake of a generous collation, spread for their enjoyment, in an adjoining room.

The Board of Directors soon convened for the election of officers and the transaction of other important business.

President W. J. Hawkins, Superintendent A. B. Andrews and Treasurer W. W. Vass, were unanimously re-elected.

JOHN HANCOCK.—No man has probably been more overrated than John Hancock. He was rich, lived ostentatiously, and was generous, but he was vain and unscrupulous. Almost everybody with whom he traded was obliged to sue him. My father told me that one could seldom pass the court house in Boston during term time without hearing the crier of the court proclaim from the door steps, "His Excellency John Hancock, come into court and make answer to A. B., or you will be defaulted.—He would present to a clergyman for example, on election-day, a suit of clothes, and the tailor would have to sue the Governor for payment,—and so in numerous other instances. His widow, Mme. Scott, who married Captain Scott, master of one of Gov. Hancock's London packets, told me in my youth that on one occasion the Governor invited the whole Senate of Massachusetts to breakfast with him without giving her any notice. She said, "We have no milk for the coffee of so many persons," and he replied, "Read the servants out to milk the cows on the common." It was the custom then for the inhabitants to send their cows to crop the grass on the public common. But Hancock was not the only man in public life who in those days dishonored his position. The late Judge William Jay informed me that while he was a boy he heard Chancellor Livingston say to his father: "Jay, what a set of —— rascals there were in the Old Congress."—*Lewis Tappan.*

A Cincinnati paper is responsible for the following:—Recently Jephtha Smith, a young man of eighteen, living near Cassville, Barry county, Mo., slipped and fell over a bluff at Carlisle's mill. He first fell a distance of forty-five feet, alighting on his feet. Here he rebounded and fell another thirty feet, bringing up on his shoulder, and then by a series of falls of ten or twelve feet at a time brought up against a tree, making a distance of some hundred feet in all. Singularly, he sustained no serious injuries, and was about as usual in a few days.

The owners of orchards in New Jersey are advised to thin out their peaches and prop up the limbs at once. The fruit is exceedingly abundant.

On the whole says the *Picayune*, we have never known the prospects of our city to look more cheering and hopeful, nor can we imagine a more promising field of enterprise than New Orleans now opens to the world.

Plymouth Church, Brooklyn, (Rev. Henry Ward Beecher's,) was entered by thieves at an early hour on Tuesday morning, who stole the communion plate, valued at $148. It consisted of seventeen pieces.

Observations by physicians in some parts of Texas show that while the natural growth of the white race has been unimpeded, the colored people have diminished, by mortality and emigration about ten per cent in four years.

The New York Times it is said to have received, since Mr. Raymond's death, an avalanche of propositions from would-be-editors. They are classified as follows:—Persons willing to be managers, 6,259; financial editors, 5 670; leader writers, 665; theatrical critics, 2,076; reporters, 1; night editors 0; errand boys, 0.

MORMONS MOVING.—A colony of one hundred persons of both sexes passed through the city yesterday, on their way to Salt Lake City. They came from Surry county, North Carolina, and got on the train at Wytheville depot. The women of the party largely out-numbered the men. It seemed a rough, ignorant set altogether, though perfectly in earnest.—*Lynchburg Republican.*

FIRES IN CARS.—A law of Ohio enacts that each railroad in the State shall, when necessary to heat any of its cars, do so by heating apparatus so constructed that the fire in it will be immediately extinguished whenever the cars are thrown from the track and overturned. The same law provides that cars shall be lighted by candles only.

A man in Adair county, Iowa, has invented a cannon which he believes will send a ball fourteen miles. The peculiarity is in the ball itself, which is in seven sections, with six fuses. The powder of the cannon sends the ball humming two miles from the muzzle, lighting fuse No. 1, which burns to the powder in the ball in the time the ball travels two miles, when an explosion takes place which sends the ball two miles further, where fuse No. 2 does its duty and propels the ball two miles further, and so on to the end of the fuses and the fourteen miles.

NEW ADVERTISEMENTS.—Look out for the Riverside Magazine, for August.

Virginia cured Hams—W. H. Jones & Co.

Connecticut Mutual Life Insurance Company—S. D. Wait, General Agent, Raleigh, N. C.

A call meeting of the members of "Oak City Council" will be held at their Hall at 8 o'clock this evening. A full attendance is desired.

High Mass will commence in the Roman Catholic Church, on Sunday at 10½, A. M. Rev. Father J. V. McNamara, the newly appointed pastor, will preach during the services.

SUDDEN DEATH.—Mr. Gerry, a native of New Orleans, and door-keeper of Ames' Circus, was stricken with paralysis at the supper table at the Cottage Hotel, last evening, and died about 11 o'clock. His body will be sent to New-Orleans, by Col. Ames, for interment.

PONY DEAD.—We saw carried through the street, this morning, the carcass of a pony belonging to the Circus, which, (the pony, not the Circus) died on its way to Col. Ames, from Augusta, Georgia.

SUPREME COURT.—Court met pursuant to adjournment; all the Justices present. The following cases were argued:

Joseph R. Mason *vs.* Samuel Miles, from Northampton county. D. A Barnes for the Plaintiff, W. W. Peebles for the Defendant.

Robt. W. Glenn *vs.* Charlotte and South Carolina R. R. Co., from Guilford county. S. F. Phillips for the Plaintiff, D. G. Fowle for the Defendant.

ENCOURAGE SOUTHERN ENTERPRISE.—We call attention to the advertisement of the Hillsboro Tannery, W. G. & J. Norwood proprietors, in our columns, and assure all those who may patronize them, that they will find them masters of their business, energetic and reliable men who will fill all of their engagements with promptness and fidelity. Their proposition to "tan on Shares" gives our citizens in those parts of the State where tanning material is scarce a convenient opportunity to realize a large profit from hides previously neglected, or sold for a trifle, to enrich Northern Tanners and dealers.

READ the new advertisement of the old Connecticut Mutual Life, it is really a great *institution*, with its annual income of over eight and a half millions. We have been informed that the Company has had in its employ for the last year and a half or more, Mr. E. W. Bryant, a noted actuary, who finds that the Company have over seven millions dollars assets, so the Directors have declared a dividend on the surplus interest which brings up their current dividend from 40 to 70 per cent. in proportion to the number of payments one has made. The Company has also adopted in its workings several new "special features," we would advise any wishing insurance to look well into these new plans of the Connecticut Mutual, before insuring elsewhere. It has Agents in all the principal cities and towns in this State.

CORRECTION.—In noticing the fine buggy at the coach shop of Mr. Alfred Upchurch, two days ago, we did not mention the name of Reuben Rhodes, the colored blacksmith, who did the iron work of the job noticed, and the *Standard* accused us (the Local) of purposely omitting it *because* he was a colored mechanic. Now, this is untrue; we did not give his name because it was not mentioned to us in connection with the subject. We will guarantee that we do more, day by day, in feeding and helping colored people in distress and want, and have shown and do show, as much disposition to forward the interest of the colored race among us, as the writer of that insinuation has ever done. We are ashamed of this indulgence in an apparent boast, but do it in self-defence against this false charge of intentional wrong.

APPOINTED.—The telegraph announced, yesterday, that Maj. J. H. Foote, of this City, had received from Washington the appointment of Pension Agent for Raleigh, and we are informed the Major will accept the appointment.

A Free Trade League has been organized in Buffalo.

AN UNPRECEDENTED RECORD.—It is announced that in the first ten months after its organization, the "National Life Insurance Company of the United States of America" had issued not less that 5,400 policies, to which the public had insured to the amount of over *fifteen millions.* Such a success is unparalleled in the history of life insurance, and there must be strong influences which have contributed to this astonishing result. The fact that the Company is national in its character has been a strong recommendation. It was chartered by Congress with authority to transact business in any and every part of the country, and it has acted upon this authority by seeking the best financiers, and most active and respected business men throughout the States and in the Dominion of Canada, to act as general or sub-agents. The public having confidence in the honesty and sagacity of these agents, have given special attention to the character of the work which they represent, and have found that the National Life presents features certain to commend themselves to popular favor. Its paid-up capital of one million dollars is a tangible fact, very assuring to those who have well grounded suspicions of any unsubstantial or "wild cat" speculations. Its officers and directors are men who cannot afford to be associated with any dishonest or questionable scheme, and it offers life insurance upon some new and very profitable plans. And yet, notwithstanding all the many manifest advantages offered, it is a matter worth special note that in the first ten months of its first year this Company should have issued insurance to an amount nearly double that ever issued by any other company in the world during the entire first year of its existence, and exceeding by nearly $5,000,000 the amount insured by any company previous to 1863, during ANY full year of its operations.

This Company has, by wide-spread systematic advertising, invited the fullest investigation into its plans and purposes; how well it has borne the most exacting inquiry is best shown by the fact with which this paragraph began—the issuing of policies, nearly 5,400 covering over $15,000,000 insurance, in ten months' time. P. F. Pescud, the General Agent, of this Company, appears by advertisement, in another column, and to that we refer our readers for further information concerning it.

DECIDED ON.—We are informed that at a meeting of the City Council, yesterday, it was decided to sink a basement for the new Market House, at the eastern end, on Wilmington street. Whether this was in consequence of our suggestion, a day or two ago, matters not, we thought it ought to be done, and said so. Now we suggest, if not already determined on, a good clock to top off with, with bell of sufficient tone to be heard throughout the city. Let us keep time to the march of improvement while the money lasts.

ANOTHER NEW BUILDING.—Houses have sprung up as if by magic, in this city of Raleigh. Yesterday we caught sight of brick walls on the south side of Martin Street, between Fayetteville and Wilmington Streets, and, on inquiry, learned that Mr. Thomas Briggs, Architect, was putting up a brick store there for Jno. R. Williams, Esq., to be 25 feet front, running back 75 feet, and two stories high. The walls have already reached to the bottom of the second story, and are still going up with "neatness and dispatch."

For the Sentinel.

SABATH SCHOOL CELEBRATION AT HOLLANDS, N. C.

According to appointment a large assembly of the people of Wake and Johnson counties, met at Hollands Church, Wake Circuit, on Wednesday the 14th July, and spent the day in Sabbath School celebration. The able and efficient Pastor of the Circuit, Rev. J. J. Hines, was on hand in good time, and by throwing himself with great vim into the amusing excitement of the occasion, made every body feel pleasant, and perfectly at home.

The pleasures of the day were not marred nor the people cramped by any definite programme; but "eat drink and be merry" was the order of the day. At 10 o'clock A. M. the school was marched into the Church by the Superintendent W. D. Crowder Esq. The Church was soon filled with ladies and gentlemen and, after a few charming songs by the children and prayer by the Rev. W. J. W. Crowder, the Rev. J. J. Hines delivered a most superb Salutatory, setting forth in magnificent colors the great utility of the Sabath School enterprise.

It being announced that dinner was ready, the people, small and great, closed around the table and partook of the bountifull hospitalities, which were most excellently prepared.

After spending the first hours of the afternoon in innocent social amusements, the congregation returned to the Church and were admirably entertained by the thrilling music performed by the children under the leadership of Mr. Charlie McCullers, and an excellent eulogy, on "children's singing," by the Rev. W. J. W. Crowder.

The Rev. J. J. Carden, of Raleigh, who with much winning deportment had mingled in all the delightful exercises of the day, was then introduced by the pastor and requested to deliver an address and close the celebration.

At the bare statement of his subject, which was, 'The Object of Sabbath Schools,' all signs of levity were banished, and in breathless silence the people listened to the able and patriotic elucidation of his theme; which he closed with an earnest invocation for the blessing of God the Father, Son and Holy Ghost, to be upon the Sabbath School enterprise, and the Church of God *forever*.

Much credit is due the Committee of Arrangements, and to the warm hearted ladies of the community for their tasty preprations for the occasion.

The songs of the children, so sweetly sung, the endearing social pleasures of the young ladies and gentlemen, and the juvenile action of the aged, remind us of that high fruition to which the christian theory points in God's glorious kingdom above.

The celebration at Holland's was a scene long to be remembered by all who participated in its pleasure, and the prospect is bright for the future of the South in that community, and the prayers and devotion of the good people there, will cause the church to grow and blossom as the rose, until its amaranthian fruit shall be tasted by all. So *mote* it be.

A number of Southerners are spending the summer season in Versailles.

STATE NEWS.

FINE YIELD.—Mr. T. E. Brown has just threshed the wheat cut from a plat of ground containing ten acres, and a fine yield of most excellent wheat he has. The field averages a little over twenty three bushels per acre.

Mr. Samuel Reeves, Sr., has also threshed the wheat taken from a field of 14 acres which turns out a little the rise of 20 bushels per acre.—*Salisbury Examiner.*

CONVICTED OF MANSLAUGHTER.—We learn that Young Harris, colored, of this county, who was convicted of the murder of his step-son at the Spring term of Rowan Superior Court in 1868, and whom the Supreme Court granted a new trial, was tried and convicted of manslaughter at Yadkin Superior Court last week. He was sentenced by Judge Cloud to ten years hard labor in the Penitentiary.—*Old North State.*

PAYING AGAIN.—The payment of interest on city bonds has again commenced, after a few days suspension. So we learn from the Wilmington *Star.*

LARKINS FIGHTS.—Last afternoon Larkins and Dr. W. W. Myers engaged in a personal difficulty, the result of a political altercation. We are informed that the Legislative aspirant was victorious over the disciple of Æsculapius.—*Wilmington Star.*

BANK INVESTIGATING COMMITTEE.—The Committee appointed by the Legislature to investigate the affairs of those Banks in which the State owned stock, will to-day commence its investigation of the books of the Bank of Cape Fear.

Senator O. S. Hayes, the Chairman of Committee, arrived in the city yesterday afternoon, and appointed with the Officers and Directors of the Bank a meeting, to be held this morning in the Purcell House, and to continue so long as may be deemed necessary.—*Wil. Star.*

The colored people of this town and vicinity, "to keep up with the times," will indulge in an excursion to Beaufort, on the 30th and 31st instant.—*Goldsboro Messenger.*

GREASE ON CARPETS.—An exchange says: There is nothing that annoys a tidy housekeeper so much as to have her carpet spotted with lamp oil or grease, and we therefore make known for her benefit the following receipe for eradicating the same from carpet sand clothes: Cover the grease spots with whiting, and let it remain until it becomes saturated with the grease; then scrape it off and cover it with another coats of whiting, and if this does not remove the grease, repeat the application. Three coats of whiting will, in most cases, remove the grease, when it should be brushed off with a clothes brush. So says one who pretends to know.

TIT FOR TAT.—The Greensboro *Patriot* requires a pair of tongs to handle the *Register* with; the *Register* answers: "We will lend our brother of the *Patriot* the pair of tongs we bought the other day at the sale of the visible effects of a late conservative city father, him who, decamped with the $150 to $200 of the funds belonging to the town."

Whereupon the *Patriot* rejoins by reminding Chapin, of the *Register*, that the "conservative city father who decamped" with the funds of the town hails from the same State of wooden-nutmegs the editor of the *Register* does, and is but another warning to the people not to trust "carpet-baggers."

NOW'S THE TIME.—President Smith, of the N. C. Railroad, proposes to freight fertilizers over his road at reduced rates, until the 15th August. If our farmers can get their wheat out and to market in time, they may save considerably in freight by getting in their fall fertilizers within the time named.

[From the Nashville (Tenn.) Union, July 8.]

TERRIBLE MYSTERY.

A most frightful, gloomy, and unexpected discovery was made by a fisherman while plying his avocation on the river, a short distance below the mouth of Richland Creek, near the farm of a Mrs. Bass, eight miles from Nashville, Tuesday afternoon.—On nearing the bank of the river in his canoe, he was horrified at beholding a spectacle which at once made his blood run cold. The object which met his vision was the remains of what was once apparently a beautiful woman, lying in death, with her head partially out of the water. She was perfectly nude. Fish swarmed around her body by hundreds, and buzzards perched upon the exposed head. The birds had tramped the ground for twenty feet around the corpse. They had picked out the eyes, eaten the cheeks until the ghastly jaw bones of a once fair and animated face were left in bold relief. The ears and an arm were gone, and only a few tresses of a luxuriant growth of hair had been left upon her head. After the buzzards had been satiated with flesh, the fish had nibbled her neck almost to the bone, and had carried away the pieces of flesh which the ravenous birds had dropped into the water. Having tied her body around the breast and covered it over as best he could, he hurried to Nashville for Coroner, George W. Norvell. That officer was too unwell to go, and consequently deputized Mr. Charles M. Stewart in his stead.

Mr. Stewart and a jury left in a conveyance early yesterday morning to hold an inquest over the remains. It was discovered that, notwithstanding the fisherman's precautions to cover the unfortunate woman, buzzards had again been there and torn away what little flesh remained on her head. She was then taken out of the water and examined. It was found that she had been brutally outraged, her clothing stripped from her body by some violent hands, her shoulder deeply wounded with some sharp instrument, and that her breasts had been torn and lacerated till they presented a horrible spectacle. Her form had evidently been one of great beauty and symmetry. From her wisdom teeth, which had just grown even with the gums, and other indications, the jury was of the belief that she was a woman of nineteen or twenty years. The bones of her face and head generally indicated small and regular features. She was about five feet in height. It is supposed that she had been in the river for about two weeks. So much had the body decomposed that the jury was compelled to bury her near where she was found in a bed of leaves and earth. The jury rendered a verdict that her person had been grossly outraged, and that she came to her death through violence, from the hands of some person unknown, and that she had been cast into the river by the murderers to prevent detection.

Though this deep mystery of the Cumberland may never be revealed, nevertheless the old adage that "murder will out" may yet be verified by the final discovery of the murderer and his speedy punishment.

At Adrian, Mich., on the 3rd of July, a man named Gillespie, eighty-six years old, committed suicide by taking laudanum and jumping or falling out of his chamber window. He had selected his best suit of clothes and laid them aside, with a paper pinned on them, on which was written, "These are my grave clothes". He was a Spiritualist, and said in the letter that he should visit his friends on earth from time to time.

AFTERNOON DISPATCHES.

FROM WASHINGTON.

WASHINGTON, July 16, M.—The Cubans here have advices from the forces under Quesada, who report having captured a scouting party near San Miguel sent out by Gen. Letona from Nuevitas, numbering 75 men. Cubans numbering 3 0, encamped on the Sagua Le Grand river near the town of that name were attacked by the Spanish under the command of Gen. Tritlo, who were thrice repulsed and finally compelled to retire leaving a portion of their baggage and killed upon the field. The Cubans sustained a loss of 135 killed and wounded.

An engagement is reported to have taken place at La Esperanza, in which the Spanish troops were defeated.

Under the direction of Neuvitan Junta, the property of Cubans suspected of sympathy with the insurrection is being seized and confiscated, and families are driven from their homes and their houses given up to pilliage.

FROM MEMPHIS.

The several Committees have reported in favor of a Joint Stock Immigration Society with offices in all of the principal Southern Cities, and recommend its adoption.

FROM NEW YORK.

NEW YORK, July 16.—The Erie train from this City 6:20, on Thursday evening collided with a freight train and six cars burned, nine persons killed, six of whom were burnt to death. Partial lists report no Southerners injured.

RADICALS' SHOOTING ONE ANOTHER IN ALABAMA.

[From Huntsville (Ala.) Democrat.]

On Saturday, the 3, while H. Roy Myers, special United States Mail Agent, was speaking for Hines, the Radical carpet bag candidate for Congress in the Sixth District at Decatur, some of the boys hallooed for Haughey, the independent Radical candidate. Robert L. Garner, scallawag deputy sheriff, told Myers to go ahead—he had plenty of friends to back him. Hillary Wells, a youth of 18 years, made some dissenting remark, which offended Garner, who placed his hand on his revolver, belted around him—one report says he drew it—and Wells then drew his revolver and shot first. Each fired five shots. Garner was shot through his body, in the region of the pleura, and little hope is entertained of his recovery. Wells, who sometimes acts as brakesman on the M. and C. R. R., jumped on a horse and rode off. Garner has been noted as a desperado, constantly threatening violence to people opposed to him. The crowd comprised some fifty or sixty persons, and, strange to say, the only other damage done was the making of five bullet holes in the coat tail of William G. Locke, foreman in the *Republican* printing office.

LIFE INSURANCE COMPANY,

JANUARY 1ST., 1869.

Assets $10,462,531,75.

Amount of Income 6,227,071.

SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

"NOTE THE BRIGHT HOURS ONLY."

A lesson in itself sublime,
A lesson worth enshrining,
Is this—"I take no heed of time,
Save when the sun is shining."
These motto words a dial bore,
And wisdom never preaches,
To human hearts a better lore
Than this short sentence teaches.
As life is sometimes bright and fair,
And sometimes dark and lonely,
Let us forget the toil and care,
And note the bright hours only.

There is no grove on earth's broad chart
But has some bird to cheer it,
So hope sings on in every heart,
Although we may not hear it;
And if to-day the heavy wing
Of sorrow is oppressing,
Perchance to-morrow's sun will bring
The weary heart a blessing,
For life is sometimes, etc.

We bid the joyous moments haste,
And then forget their glitter;
We take the cup of life, and taste
No portion but the bitter;
But we should teach our heart to deem
Its sweetest drops the strongest;
And pleasant hours should ever seem
To linger round us longest,
As life is sometimes, etc.

The darkest shadows of the night,
Are just before the morning;
Then let us wait the coming light,
All boding phantoms scorning;
And while we're passing on the tide
Of time's fast ebbing river,
Let's pluck the blossoms by its side,
And bless the gracious giver.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate—a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate *in any mode or form* they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain, and unmistakable English, and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for *two dollars* comes in possession of a homestead, which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents that already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.

For further description and particulars, address
JOHN SKINNER,
june2-tf — SECRETARY.
